Kid\$ Line...

For Kids who \$ave at Nashville Firemen's Credit Union

Welcome to Fun and Funny February!

Hey kids! We hope you had a lovely Christmas holiday. If you were lucky enough to receive some money as a gift, please remember to make a deposit to your Credit Union savings account. We'll keep it safe until you need it!

Meanwhile, welcome back to Kids Line! This issue, we're saluting two great holidays that are sure to bring a smile -- Groundhog Day and Valentine's Day!

So...what is a groundhog?

The furry groundhog (also called a woodchuck) is a rodent and is related to the squirrel. Groundhogs can climb trees, swim, and dig burrows underground. In winter, they crawl into their safe, cozy burrows to hibernate. Hibernation is a very deep sleep.

February 2nd is Groundhog Day. According to legend, that's the day Mr. Groundhog wakes up...gets up...and takes a peek outside. If the day is sunny, he'll see his shadow. That is a sign there will be six more weeks of winter. So he crawls back into his burrow for six more weeks of ...yawn...sleep.

Happy Groundhog Day!

But -- if the day is cloudy and he does not see his shadow, he takes that as a sign that spring is near. With this good news, he remains above ground. (Nappy time is over!) What will Mr. Groundhog see on February 2nd of this year? Watch the evening news and find out! ■

Happy Valentine's Day!

Will you be my valentine?

February 14th is Valentine's Day. It's always fun to give and receive valentine cards -- especially hand-made! If you were a girl frog...and your prince frog gave you a heart-shaped box of chocolate flies, you'd likely be thrilled.

But since you're not a frog, maybe you can think of something better to give and receive this year! ■

*What a chorus!
How many
animals can
you identify?
List them below:*

*We congratulate the winner of our
October Coloring Contest -- Ella Upchurch, age 8!*
